REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Strafford:

The Strafford Elementary Schools were organized in September, 1958 as follows:

Grade	Pupils	Teacher	No. to Room	School
1	17	Mrs. Ada D. Hayes	25	Center
2	8			
3	9	Mrs. Martha Z. Bennett	19	Bow Lake
4	10			
5	10	Mrs. Hattie M. Foss	21	Crown Point
6	11			

Other staff members include the following:

School Nurse — Teacher	Mrs. Frances L. Harvey, R.N.
Handwriting	The Rinehart Service
Music	Mrs. Sadie L. Merriam

Grades 7 - 12 have been attending Austin-Cate Academy and other public schools outside the district as follows:

District or Public Academy Where Pupils Attend	Number of Pupils Grades 7 - 12	Tuition Rates	
		1958-59	1959-60
Austin-Cate Academy (9-12)	42	\$367.00	\$388.00
Austin-Cate Academy (7-8)	24	275.25	291.00
Dover High School	5	336.00	375.00
Spaulding High School	4	294.50	351.50
Pittsfield High School	1	300.00	340.00
	<hr/>		
Total Pupils	76		

The cost of education continues to increase in proportion to the increases in other areas of our economy. The above increase in High School tuition rates and the decrease in enrollment of pupils attending high school has made it possible for your School Board to submit to the district a reduced budget over last year. Incidentally, this is the only community in the State of New Hampshire, to my knowledge, which has this distinction.

Our testing program has been organized so that every child will receive a test of mental ability in grades 2, 4, 6, and 8. All grades receive a battery of the Stanford Achievement test at the end of the first semester, except grade 1. Their test is given at the end of the school year. These tests are valuable to the teachers as a guide in determining the type of instruction to be administered.

The **National Defense Act of 1958** will soon have its effect in the enrichment of the curriculum. The sections of the act which have a direct bearing to this community are as follows:

Title 2

(a) Federal assistance to institutions of high education in the form of student loan funds. Federal 90% — Institutions 10%. Potential college students must make application to colleges participating in this program.

Title 3

(a) Grants to states for the acquisition of Laboratory equipment for Science, Mathematics and Modern Foreign Language in public elementary and secondary schools and minor remodeling. To be matched locally on a 50-50 basis.

Title 5

Grants to state educational agencies to assist them to establish and maintain programs of testing, and of guidance and counselling in secondary schools. States to match dollar for dollar after first year.

Educational TV in this area will also make its appearance in the coming year. Experience has proved that Educational TV is a potent factor in upgrading the level of education in many areas. The purchasing of TV equipment and other audio-visual aids will be a worthwhile project for civic groups to seriously consider.

Many studies of the Strafford school system have been made in the past, however, none of these have been able to resolve the problem. It is hoped that the committee appointed at your last school district meeting, and currently making a study, will be successful in submitting a plan of action which will be approved by the voters of Strafford.

I am sure that the community joins me in paying respect to Miss Myrtle Fletcher, R.N., deceased last summer, who, for so many years faithfully served this community so well.

In conclusion, I should like to express my appreciation for the cooperation given me during the year as your superintendent of schools by the citizens, school board, and teachers of Strafford.

Respectfully submitted,

RAMON MARTINEAU

Superintendent of Schools
